EXPERIENCE

Professional Summary

A Skilled and passionate software developer with over 5 years of hands-on experience in both frontend and backend technologies, including ReactJS, PHP, MySQL, and Tailwind CSS. Proficient in API integration, debugging, and version control using Git and GitHub. Experienced in leading engineering teams and collaborating on scalable, efficient solutions. Actively involved in tech communities, showcasing strong leadership, communication, and event management abilities. Committed to delivering innovative, high-impact software products.

Frontend Developer & Intern Supervisor ProductSquare — Remote

Jan 2023 – Sep.2024

Supervised engineering teams, including frontend and backend interns, ensuring successful project delivery. Developed and maintained frontend applications using ReactJS, Tailwind CSS, and JavaScript. Led API integration tasks, ensuring smooth functionality with backend systems. Collaborated with team members using Git and GitHub for version control and efficient workflow.

EDUCATION

Ladoke Akintola University, Ogbomoso — Bachelor of Science in Computer Science

January 5, 2021 – Present

PROJECTS

FOODEDEN — <https://foodeden.vercel.app/>

Developed a food ordering website using React, React Toolkit, and Next.js, enabling seamless browsing, cart management, and checkout. Implemented state management for efficient order handling and optimized performance for a smooth user experience.
